Little DJ in the club
'Cause you're staring little boy
My DJ, D-D-DJ
Pulse that button, turn it up
Pulse it till it makes you hot
My DJ, D-D-DJ

I wanna ride your sensor straight to the chest
Your mind is 'bout to break me and your dip is in place
The beat is so non-stop, please don't waste the time
Let me crush you in, like a red street light
Let me crush you in, like a red street light

I'm just a dirty little popsong
I keep running through your brain
And even though you know it's so wrong
You're on hook, oh babe I'm insane

This is a fight you can't win because I'm already in
We're gonna re-re-re-re-rewind
I'm just a dirty little popsong
That keeps spinning in your head

Spinning in your head, spinning in your head, spinning
in your head
(Ooh-oh, ooh-oh-oh-oh-oh)
Spinning in your head, spinning in your head, spinning
in your head
(Ooh-oh, ooh-oh)

Music always brings you back
And you're on the floor tonight
D-dancing, d-d-dancing
Boy here let me break it down
I will turn you all around
D-D-DJ

Fly and sense it so you can set yourself free
'Cause I can't let you go, I'm on your radio
This is a fight you can't win because I'm already in
I'm gonna re-rewind, I wanna re-re-re-re-re...

I'm just a dirty little popsong
That keeps running through your brain
And even though you know it's so wrong
You're on hook, oh babe I'm insane

This is a fight you can't win because I'm already in
I'm gonna re-re-re-re-rewind
I'm just a dirty little popsong
That keeps spinning in your head (ooh-oh, ooh-oh, ooh-
oh-oh-oh-oh)

Spinning in your head, spinning in your head, spinning
in your head
(Ooh-oh, ooh-oh-oh-oh-oh)
Spinning in your head, spinning in your head, spinning
in your head
(Ooh-oh, ooh-oh)

On your radio, on your stereo, in the video, on the
disco
On your radio, on your stereo, in the video, on the
disco

I'm just a dirty little popsong
That keeps running through your brain
And even though you know it's so wrong
You're on hook, oh babe I'm insane

Spinning in your head, spinning in your head, spinning
in your head
(Ooh-oh, ooh-oh-oh-oh-oh)
Spinning in your head, spinning in your head, spinning
in your head
(Ooh-oh, ooh-oh-oh-oh-oh)
