You dream a dream
But you never wake up
You're so afraid
That the dream is over

Open your eyes and you'll see
Daydreaming won't concur me
Won't concur me
No, it won't concur me, yeah

'Cause only the good guys can get what they're coming
for
And all of the dreamers must take what's apart
Only the good guys receive what they came here for
And all of you dreamers will leave with a broken heart

Reality
You better face it
Your blood is red
One bite, you'll taste it

Open your eyes and you'll see
Daydreaming won't concur me
Won't concur me
No, it won't concur me, yeah

'Cause only the good guys can get what they're coming
for
And all of the dreamers must take what's apart
Only the good guys receive what they came here for
And all of you dreamers will leave with a broken heart

'Cause only the good guys can get what they're coming
for
And all of the dreamers must take what's apart
Only the good guys receive what they came here for
And all of you dreamers will leave with a broken heart

Only the good guys can get what they're coming for
All of the dreamers must take what's apart
Only the good guys receive what they came here for
And all of you dreamers will leave with a broken heart
