Sometimes all right things happen,  
and only deep shit moving me, yeah all right  
Sometimes all good guys see me,  
Your feeling love in the air, oh yeah  
all right

Come on with me to the forest of love,  
to a very nicer place, you can't run  
But if you try to be sorry in the top of the trees,  
you need us, below

Here comes the birds,  
(shake it, oh)  
here comes the beach  
(work it on out, yeah)  
I'm in love, what wonderful words,  
Here comes the birds  
(hey, all right)  
Here comes the birds  
(hey, all right)  
I'm in love, what wonderful words,  
Here comes the birds

Sometimes all right things happen,

Get out of the trees,

Do what you're do  
you wont regret it
