I Love Cali in the Summer Time!

[Roscoe]

Oh boy!

Yeah, Los Angeles

Yeah I just wanna say "Much love to my big brother  
Kurupt Young Gotti!"

Later man! (Dogg Pound Gangsta)

Yeah I hear the West Coast (Summertime) yeah put it  
down

They call me Roscoe by the way just so you know (Dogg  
Pound Gangstas!)

[Roscoe]

Californ-I-A, Y-A, where everyday it's Friday

They call me Young Roscoe the Philly Fanatic

Out in the West Coast showin' my bad habits

I give the people what they want keep the party crackin'

This are my homies out in the club tryin' to make it  
happen

And all the girlies wanna creep at least one time

And see if true what all they Homegirls be sayin' about  
my blood line

And it ain't nothin' like a sunny summer day

In the city of LA

Livin' bussy gettin' pay

That's how we do it on the West

We sip liquid and spit it like fluid in the West

And I can make you love if you don't

Bump it if you won't

Nothin' like bomb music from the West

Layin' under palm trees wit lil' mamas feelin' the  
breathe

And I don't think I ever wanna leave

I Love Cali in the Summer Time!

[Chorus 2X]

I Love Cali in the Summer Timeeee

(I Love Cali in The Summer Time!)

I love it (Dogg Pound Gangstas)

[Roscoe]

Twenty inch dub on a 6-4 hoppin'  
Pull up and see it's already poppin'  
And let my squad on the tu-b  
What we doin barbecuin' a leg  
Doin' it under the air fluence so the music got you  
movin' in it  
Nobody on the wall  
Nobody sittin' at all  
It's like a protacall  
The way I got it 'em all waxin' their fos up  
Ridin' around wit twenties on their donuts (Donuts)  
Pancakes wit enough bass  
To insinuate earthquakes  
While the sun just bakes  
Havin' fun up in the sunny states  
Bumpin' the brakes at the yellow light  
My seatbelt on tight  
Don't need no cops on my tail tonight  
And when you go to the club  
I'm in the back wit a bad mamacita massagin' my back  
Party people tear the club up  
And make 'em feel it from LA to the Bay  
Now put your dubs up  
I Love Cali in the Summer Time

[Chorus 2X]

Come on  
You know you got me movin'  
I'm rollin' dippin' smashin'  
I'm gonna show you how G's do Baby!  
How the D-P-G's do Baby, Baby  
You know you got me movin'  
I'm rollin' dippin' smashin'  
I'm gonna show you how G's do Baby!  
How the D-P-G's do Baby, Baby

[Roscoe]

Is G's up, is Cali in the summer when it really heats up  
It gotta be the hood Homie throwin' heats up  
And G's up you got a Benz on flows on a movy put your  
keys up  
Pedals to the floor and ease up  
And when the bookies aproach you gotta speed up  
You might see Roscoe the Young Gaud  
In the club sippin' wine and if you don't we carris up  
We go shanties zeros on my contract  
I might sign six fig spittin non wax  
I got my mind on money, women, and fo's  
Hot boxin' the Benz all rollin' the windows up

Roll wit the tint glow  
Homies roll wit me ten in the most when I'm outside or  
posted in the G ride  
Flonse it Lorenzo  
But tempo is faster then when you drive so fast  
Your rims glow off from the moonlight and is fear slow  
(Slow)  
Yeah, yeah we do just like this  
Ah, we do just like this  
Yeah, Yeah  
I Love Cali in the Summer Time

[Chorus]  
I Love Cali in the Summer Timeeee  
I love it

2-5 in the house (Dogg Pound Gansta)  
It don't get no better  
From the Women to the weather  
I ain't goin' nowhere  
I LOVE CALI IN THE SUMMER TIME (DOGG POUND  
GANSTA!)
