The skies and the future, the color is the same It's black: The land is in a swamp there is no way, Dark falls on homeland. That's it. The end is on the way Horned knights, they are coming soon Their blades shine under the opaque moon Enemy: they want to rule our motherland Enemy: they'll take our treasure till the end Enemy: they'll burn our homes and fields Enemy: they came with war! The land needs help, the people pray for it a lot: All of a sudden lightning strikes from the sky. It's a marvel from the dark!
