A mother has her baby boys and a father  
Doesn't call  
And from this saddening parody  
Someone will have to crawl  
Yes crawl through all the dark memories  
Everyone and all  
'Cause there's just one way  
That you can stand  
Too many ways to fall  
All we have is here and now  
Tomorrow may not come true  
There's a million people who walk this ground  
Who might steal your wish from you  
A million people maybe not  
A human one at all  
There's just one way that we can stand  
Too many ways to fall  
Well they might be on the fire escape  
They might be down the hall  
They might be watching every  
Move you make  
Through the pinhole in the wall  
They're sworn to their duty  
And they stand so proud and tall  
They say it's nothing personal  
It's just a job that's all  
The mother says now baby boy  
You're gonna have to choose  
There's good and evil, love and greed  
And they're all inside of you  
And just as sure as gravity  
No one escapes the law  
'Cause there's just one way  
That we can stand  
Too many ways to fall  
So when you wake up in the bushes  
Passed out on the lawn  
And suddenly it dawns on you  
That mother wasn't wrong  
It all comes back like dj vu  
You just can't help but recall

'Cause there's just one way  
That we can stand  
Too many ways to fall
