All good things must come to an end
If I could be there again
For just a little while
I hear voices in the air
I wish that I could be there
Maybe someday- I don't know
Maybe someday, maybe someday
I don't know
Wait just long enough
See what tomorrow brings
Wait just long enough
See what tomorrow brings
There's so many things that I could have said
I hope someday that I could be led
Led by your hand wherever we go
I can't bear the thought of that day
I wish it could be wiped away
Maybe someday, maybe someday
I don't know
Wait just long enough
See what tomorrow brings
Wait just long enough
See what tomorrow brings
Why do things happen this way
I felt so much anger
When they put you away Stevie Ray
Living life is so hard to do
When all my time spent is missing you
Trying to get by without you're love
I have so many feelings to share
But I look up and you're not there
All I have is memories
Wait just long enough
See what tomorrow brings
Wait just long enough
See what tomorrow brings
