Well we both had our fill of love and women  
We ain't met one yet that wasn't a pain in the heart  
But I know just what it takes for us to give in  
I've set right here and seen it all happen before  
Yeah we fall head over heels when one walks through  
the door

So don't look now but here comes another heartache  
And she's got trouble written on her pretty face  
And with just the slightest glance we won't stand a  
chance

So don't look now but here comes another heartache  
[ fiddle ][ steel ]  
Well I must admit we sure know how to pick 'em  
Cause every Missis Right turns out wrong  
We oughta get an E for effort but the trick is  
Knowing when to get up and go on home  
But we just cannot seem to leave 'em alone

So don't look now...
