I can tell by the way you're holdin' me you want more
than just one night
And God knows I feel the same way too as I lay here by
your side
But I don't want to lead you on and make promises that
I can't keep
So if you knew what was best for you you'd get up and
leave

Cause you don't know where this heart's been and the
trouble that it's seen
All that's it's been through or what you'll get into if you
fall in love with me
It's had more than it's share or hard times and may
never love again
I know you want to stay but you better walk away

Cause you don't know where this heart's been

Someone long before you left me here alone and still in
love
And I swore I'd never get that close again once was
enough
You say you'll erase the pain and put this life of mine
back on track
Well you don't know what you're saying it's not as easy
as that

Cause you don't know where this heart's been...
Oh I'd love for you to stay but you better walk away
Cause you don't know where this heart's been
