Got a new dance, real easy to do
just take off your pants and watch my crew
if you do it tonight you might get laid,
if you do it right, hell you might get paid
first off, all you hoes and skanks
turn around, bend over, grab you ankles
wave that ass up in the air,
shake it real fast like you just don't care
now someone else who's tough and strong
go rub that ass up with you dong
make sure she can feel your boner
later you won't be a loner
rub it up and down 'till you both start creaming
extra points if you got her screaming
and when your dick starts turning red
punch that bitch in the back of the head

Donkey Punch
D-D-Donkey Punch
yea make me taste my lunch
I wanna Donkey Punch

Not the lyrics to "DONKEY PUNCH" ?, Please report that below.

Fellas come up from behind
grab that ass and start to grind
whack your meat on my back seat
while I bend and grab my feet
riding smackin' it
all the boys attackin' it
pinch a punch a bang your wang
to the back of my head to my pootie tang thang
go pow pow put my face on the floor
smack it up now knock on my back door
cuz I wannit tuff wannit ruff
bend me over, shove yourr stuff
at my pie and backside
and take me for a donkey ride

Donkey Punch
D-D-Donkey Punch

yea make me taste my lunch
I wanna Donkey Punch

gotta decide are you the head or the tail
do you wanna ride or are you getting nailed?
baby grab me by my ponytail
and slide your hide up in my backside
ride these thighs until I'm crosseyed
I'm dignified, but I like to freak
and I got technique to make your knees weak
baby shhh don't speak, grind with me!
slap these cheeks while I ride your D
if you wanna be inside of me
baby show me now that you know how
to shake it like a maniac
cuz if you're good on the dance floor,
your good in the sack
I'll grab my ankles you grab my butt
and let's donkey dance 'till you bust a nut

Donkey Punch
D-D-Donkey Punch
yea make me taste my lunch
I wanna Donkey Punch
