Self-confidence shattered in a million pieces A part of you will be no more, cause of the cruelty of them speeches

The realm of dreams becomes a way out Two distinct worlds in a single person

You have chosen the way out But now, face reality

The fall Paralyzed by the absence of truth Of a dreamer Will it all be taken away

Many questions to ask, and resolve One day will come when you will die Without understanding You will subdue yourself

If everyday we had known as a fact That it would be like that

We wouldn't keep it up
