He's pining for her
In a people carrier
There might be buildings and pretty things to see like
that
But architecture won't do
Although it might say a lot about the city or town
I don't care what they've got keep on turning them
down
It don't say the funny things she does
Don't even try and cheer him up, because
It just won't happen

He's got the feeling again
This time on the aeroplane
There might be tellys in the back of the seats in front
But Rodney and Del won't do
Although it might take your mind off the aches and the
pains
Laugh when he falls through the bar
But you're feeling the same
'Cause she isn't there to hold your hand
She won't be waiting for you when you land

It feels like she's just nowhere near

You could well be out on your ear
This thought comes closely followed by the fear
And the thought of it
Makes you feel a bit
Ill

Yesterday I saw a girl
Who looked like someone you might knock about with
And almost shouted
And then reality kicked in within us
It seems as we become the winners
You lose a bit of summat
And half wonder if you won it at all

And don't say 'owt 'cause you've got no idea
And she's still nowhere near
And the thought comes closely followed by the fear

And the thought of it
Makes you feel a bit
...III

Despair in the departure lounge
It's one and they'll still be around at three
No signal and low battery
What's happened to me
