Darlin' tell me something I don't know
Be my baby, be my GTO
Call me something no one else calls me
I forget how I want it
That electricity
My heart was breaking and got left unlocked
Didn't see you sneak in but I'm glad you stopped
Tell me something I don't already know
Like how you get your kisses to fill me with electricity
Love like locked horns
Love like dominos
Be my midnight
Be my ebb and flow
I forget how I want it
How it crept up on me
It takes over
Electricity
And my heart was breaking and got left unlocked
Didn't see you sneak in but I'm glad you stopped
Tell me something I don't already know
Like how you get your kisses to fill me with electricity

Separated

There I face it

Love like thunder

Love like falling snow

Tell me something I don't already know

Like how you get your kisses to fill me with electricity
