You've never met before  
But still she greets you like a long lost rock and roll  
She's definitely one of those  
But you'll go wherever she goes

Oh when my body and my mind  
Both start talking at the exact same time  
Try'na think of ways to make her mine  
But they're difficult to find

It's not what I need  
No, your love's not what I need  
So don't give it to me

And she said: "Oh, well I know this will sound cold  
But I really have to go  
Oh it's not that I'm not free  
There's nowhere I need to be  
It's just your love's not what I need  
So don't give it to me"

It's not what I need  
No, your love's not what I need  
So don't give it to me

She said: Baby, how can I believe you?  
How can I believe you when you can't believe your luck?  
No point sticking to the plan when it's going slow

It's more a hunger than a thirst  
She'll break your heart the second time  
Before you know about the first  
Looks well-equipped to leave you in the lurch  
But you'll let her do your worst

And it's not hard to tell  
It's obvious the other angels faces fell  
When she told them that she had to go  
Swap her wings and overcoat for something colorful

It's not what I need  
No, your love's not what I need

So don't give it to me

(No, your love's not what I need)  
So don't give it to me

(No, your love's not what I need)  
So don't give it to me

(No, your love's not what I need)  
So don't give it to me

Your love's not what I need
