If you can summon the strength, tow me  
I can't hold down the urgency  
You've got to make your decent slowly  
And oil up those sticky keys

Coax me out, my love  
And have a spin of my propeller

It's a necessary evil  
No cause for emergency  
Borrow the beak of a bald eagle  
Oh, momentary synergy

Coax me out, my love  
Sink into tomorrow  
Coax me out, my love  
And have a spin of my propeller

My propeller won't spin  
And I can't get it started on my own  
When are you arriving?

My propeller won't spin  
And I can't get it started on my own  
When are you arriving?

My propeller won't spin  
And I can't get it started on my own  
When are you arriving? My propeller
