When you leave us through the patient doors
That rattle in you ear will be the sound of our applause
raptuous, considered and due.
Oh the nasty laughter and desperate smirks
are tangled in the boredom where out brittle kisses lurk
well how can i believe you, when you can't believe your
luck

and the shardes of past attraction lie visible
but shy and blunt and weak and worn
away by whining in the emery paper voice you use to
speak

oh the shardes of past attraction lie visible
but shy and blunt and weak and worn
away by whining in the emery paper voice you use to
speak

in the trap
you only want to be the first to laugh
you only want to be the first in the sandtrap
you only want to be the first to laugh

and your climbing holes and cinder claws
ring out the ? the centers all towards

Farwell, Farewell Farewell
