Do the bad thing,  
Take off your wedding ring

But it won't make it that much easier,  
It might make it worse

Oh the nights like a whirlwind  
Somebody's girlfriend's talkin' to me but it's alright  
She's sayin that he's not gonna slap me or try to attack  
me  
Hes' not the jealous type  
And I only need to get half an excuse and I'm away  
But when there's no excuses that's much easier to say  
I've been before  
And all these capers makers too good for her to ignore  
Well She's talkin but I'm not entirely sure

Ohh Do the bad thing  
Take off your wedding ring

But it wont make it that much easier  
It might make it worse

Oh I'm stood at the bar and somebody's partner's talkin  
to me  
But I don't know that is what she is  
And she murmurs things to confirm that the tragedy is  
true  
And I knew how could she not she could have anyone  
she wants  
And I'm strugglin to think of an immediate response

Like I don't mind  
Be a big mistake  
For you to wait  
And let me waste your time  
Really Love it's fine  
Said really Love it's fine

And then the first time it occurred that there was  
something to destroy,  
I knew before the invitation that there was this ploy

Oh but she carried on suggesting  
I struggled to refuse  
She said "its the red wine this time, but that is no  
excuse"
