You showed me my tomorrow
Beside a box of matches
A welcome threatening stir

My hopes of being stolen
Might just ring true
Depends who you prefer

But if it's true you're gonna run away
Tell me where
I'll meet you there

Am I snapping the excitement
If I pack away the laguther
And tell you how it feels?

And does burden come to meet you
If I've questions of the feature that runs on your dream
reel?

The day after you stole my heart,
Everything i touched told me it would be better shared
with you

And you're hiding in my soup
And the book reveals your face
And as your splashing in my eyelids
As the concentration continually breaks

I did request the mark you cast
Didn't heal as fast
I hear your vioce in silences
Will the teasing of the fire be followed by the thud?

In the jostling crowd
You're not allowed to tell the truth
And the photobooth's a liar!
There's a sharpened explanation
But theres no screaming reason to inquire

I'd like to poke them in their prying eyes

with things they never see
if it smacked them in their temples
