Make this last forever  
Take time to make this right  
Don't say you know me better  
Than I do tonight  
The day will soon be breaking  
And we can fall asleep  
Still you insist on leaving  
You won't stay with me

And you say I can't go on like this  
No I won't go on like this  
I can't go on like this  
'Cause it's not right

Fight another line 'cause I can't cry one more time  
You won't stay  
But I can't go  
What do you have to show your bad side

Make this last forever  
You couldn't even try  
To make it work out ever  
Our love was made of lies  
So turn your back on me and  
You start to walk away  
You say that we can't pretend  
We can't go on this way

And you say I can't go on like this  
No I won't go on like this  
I can't go on like this  
'Cause it's not right

Fight another line 'cause I can't cry one more time  
You won't stay  
But I can't go  
What do you have to show your bad side

Make this last forever  
Take time to make this right  
Don't say you know me better  
Than I do tonight

The day will soon be breaking  
And we can fall asleep

So you decide to stay here  
You decide to stay with me

And you say I will go on like this  
Yes I will go on like this  
Babe I will go on like this  
'Cause you feel so right

And he said I won't bite another line  
'Cause I can't stand to see you cry  
I'll always stay  
I'll never go  
You know you make me show my good side
