We hang out with the best
Forgetting all the rest
We don't care, we won't be there

And all we always said
On the road would always be the best part of our lives
And we don't care
We're almost there

When the water meets the east coast
There's a sudden chance we'll be
Getting stopped in jersey
When the van will meet the highway
She will always overheat
Tour is never easy

In Florida on the beach
With the feel of summer heat in winter,
Wish you were here
In Georgia was the peach
The magnet that we stole from the gas station but oh

We don't care, we're almost there

When the water meets the east coast
There's a sudden chance we'll be
Getting stopped in jersey
When the van will meet the highway
She will always overheat
Tour is never easy

We're with our best friends out on the road
We wish that this could never end
Not taking showers and a million tolls
This is the best time of our lives

When the water meets the east coast
There's a sudden chance we'll be
Getting stopped in jersey
When the van will meet the highway
She will always overheat
Tour is never easy
