I understand what your saying
I know the game that your playing
But I don't care anymore

You, you never told the truth to me
You always try to deceive me
But I don't care anymore

I always thought that I knew you
But it's not hard to see through you
You just don't care anymore

Why are you doing this to me?
Do you need to defeat me?
Since you don't care anymore
Anymore

I've heard one too many one too many
Too many stupid answers
One too many one too many
To many stupid answers now

People always say that you're stupid
But I know there's more to it
You just don't think anymore

There ain't no use in complaining
It's not even worth me explaining
When you don't think anymore, anymore

I've heard one too many one too many
Too many stupid answers
One too many one too many
To many stupid answers now

Go!

I can't believe what you said to me
I can't believe what you do to me
I can't believe that you're lying to me

I can't believe what's become of you
I can't believe what you've turned into
I can't believe that you're lying to me

I've heard one too many one too many
Too many stupid answers
One too many one too many
Too many stupid answers
Too many too many
It's one too many stupid answers
One too many one too many
Too many stupid answers now
