Here we are in the same old situation
Can someone tell me where it all went wrong?
Surely you can see the time has come to walk away
You and I will never get along

It's all in your head
It's all in your mind
Anything I say is just a waste of time
I don't owe you anything at all
I don't owe you anything at all

I'm sick and tired of all the old excuses
The arguments are driving me insane
Your accusations don't upset me anymore
It doesn't really have to be this way

It's all in your head
It's all in your mind
Anything I say is just a waste of time
I don't owe you anything at all
I don't owe you anything at all

I never told you I was perfect
And I never said that you were wrong
So don't try telling me that everything's my fault
You tried to blame it on me way too long

It's all in your head
It's all in your mind
Anything I say is just a waste of time
I don't owe you anything at all
I don't owe you anything at all
I don't owe you anything at all
I don't owe you anything at all
