There is a sound,
That reminds me of fallen tears.
A lonely place,
Where everything is forgotten.
Why is the world trapped in sadness,
Trapped in loneliness?
Dreams are always so hard to make come true.

Away from here,
Is where I want to be, right now.
The place that I,
Had seen in only dreams.
The place where I, can see your face.
And, your smile.
But I know that I can't be by your side.

When the silver rain,
Began to fall from the sky.
I thought that they were a part of you,
So I quickly dried my tears.
Those sweet memories,
Returned to me like a fallen dream.
In form of shooting stars,
And I called them...
Amrita

Your tender heart,
Feels when the earth is, crying out.
In agony,
You rush out without thinking.
And if your wounds,
From those battles,
Are, hurting you.
Shoot your wish up to the sky,
It'll surely come true.

When the silver rain,
Beings to fall from the sky.
Think of it as a part of me,
And dry away your tears.
Somewhere in the sky,
Where the future is written out.

Those fallen tears will be the rain,
On you...
