I need you, babe
It's been too far long
I just need to see you face
And be with you again

Oh, I miss you
I can't stand the wait
I want to spend the rest
Of my life with you

We're so close yet it seems so far
I need you by my side
When tears drip or you lose your way
I'll be waiting here for you
Oh

Baby I need you so much
I just don't know what to do
If you ever choose to walk away
I miss you, everytime we say goodbye
Baby don't go
Baby I love you
Oh girl

And I can't help it
But to fall in love with you
Your beauty just mesmerise
My mind, heart & soul

I wanna be with you
For the rest of my life
I can't stand the sadness
Whenever we say goodbye

We're so close yet it seems so far
I need you by my side
When tears drip or you lose your way
I'll be waiting here for you
Oh

Baby I need you so much
I just don't know what to do

If you ever choose to walk away
I miss you, everytime we say goodbye
Baby don't go
Baby I love you
Oh girl

I'll be there for you anytime, I swear
I never want to see those tears, in your eyes
Oh

Oh (Up key)

Baby I need you so much
I just don't know what to do
If you ever choose to walk away
I miss you, everytime we say goodbye
Baby don't go
Baby I love you
Oh girl

Baby I need you so much
I just don't know what to do
If you ever choose to walk away
I miss you, everytime we say goodbye
Baby don't go
Baby I love you
Oh girl
