I never wanted, for things to go this way...

I would take the words back, but I know it's just too late...

And even if I could, I know things will never be the same...

Now it's just too late, so I guess it's time to part our ways...

I know that, you're still there...

Always waiting for a chance...

But things are, just different now...

And it'll never be the same...

Oh I

Wish, that I could have you back in my life...

But now it's just too...

Late, and I know what's to happen...

So girl please just...

Trust Me, and never turn back...

Cause I never want to see you cry again...

Oh just let me go and move on...

Now that it's over, I know that you still don't wanna go...

I know that you would still, never ever want to let it go...

And even though I can't, but I don't have any other choice...

Now you just gotta trust me, cause I know this is the best...

I know that, you're still there...

Always waiting for a chance...

But things are, just different now...

And it'll never be the same...

Oh I

Wish, that I could have you back in my life...

But now it's just too...

Late, and I know what's to happen...

So girl please just...

Trust Me, and never turn back...

Cause I never want to see you cry again...

Oh just let me go and move on...

Oh I

Wish, that I could have you back in my life...

But now it's just too...

Late, and I know what's to happen...

So girl please just...

Trust Me, and never turn back...

Cause I never want to see you cry again...

Oh just let me go and move on...

Cause I never want to see you cry again...

Oh just let me go and move on...
