Baby now, why don't you let me stop  
Show you how we have ourselves a good time  
Get on up till you drop, I won't make it any secrets  
She said "Let it out, and lay it next to mine"  
Do ya really wanna have fun  
Come and funk with me baby  
Do ya really wanna get high by yourself  
Do ya really wanna have fun, get a jump on it baby  
Don't you really wanna just try something else  
Move me, do me up, this girl's got juice  
She don't know what she's doing to me  
My degrees, I believe that this could lead to love  
Especially the way she said to me  
Do ya really wanna have fun  
Come and funk with me baby  
Do ya really wanna get high by yourself  
Do ya really wanna have fun, get a jump on it baby

Don't you really wanna just try something else  
Whatever else you might have shajen  
You'll be welcome baby, right there by my side  
Whatever hearts you might be breaking now baby  
My arms are always open wide  
Do ya really wanna have fun  
Come and funk with me baby  
Do ya really wanna get high by yourself  
Do ya really wanna have fun, get a jump on it baby  
Don't you really wanna just try something else  
Do ya really wanna have fun  
Come and funk with me baby  
Do ya really wanna get high by yourself  
Do ya really wanna have fun, get a jump on it baby  
Don't you really wanna just try something else
