Nothing in this world  
Seems to function without tears  
You oughta' know  
There's no need to pull yourself apart  
Nothing you can do  
seems to matter without love  
You oughta' know  
Everything you've got will be enough

All the things you are  
Could stay locked  
up inside  
far from the light of day  
It's much more than a matter of pride  
Can't you hear them saying  
Shine \_ aah  
Let it be a light that burns within -  
Open up and

Shine - aah  
Never mind the darkness closing in  
You can rise above and

Shine - aah  
Just close your eyes and shine

Whatever you may do  
Don't forget about the little things  
- small as they may seem  
They all add up to someone  
else's dreams  
Whatever you may think  
No- one wants to show you the way  
- you can be the one  
There's no better time to call the play

All the things you do  
Will stay with you wherever you go  
- no use in trying to hide  
It's much more than a matter of show  
All you've got to do is

Shine, etc.
