If you know what's right for you
I know what's right for me
I won't tell you what to do
but I'll tell you what I see
We gotta change the way it is
try to keep it tight
Acting just like strangers,
surely can't be right

CHORUS

It's got to be warmer -
We got to have warmer, warmer, warmer,
Warmer communications

Trying hard to touch you
if I might be so bold

Trying hard to reach you
don't put me on hold
If we can't communicate,
if we don't even try
Standing here like losers,
the world will pass us by

CHORUS

It's got to be warmer -
We got to have warmer, warmer, warmer,
Warmer communications

Burrrr - it's so cold
I can't feel you
Burrrr - it's so cold
I can't reach you

REPEAT CHORUS
