"Love Is The Answer"

Imagine you, imagine me
We could be happy, we could be free
If we would only try
No more hunger, no more greed
Do you ever wonder, can you believe?
This world's for us to share
'cause I hope and I pray
Open our hearts and show us the way
I know love is the answer and fear serves only to bind
Keep us all together
We all belong in heaven above
No more deception, no more war
And peace we would treasure for evermore
No need to be alone, 'case I hope and I pray
Open our hearts and show us the way
I know love is the answer and fear serves only to bind
Keep us all together
We all belong in heaven above
