I sang your praises daily  
And we let ourselves get swept away  
It's true baby, we held heaven in our hands for days  
You wait a long time  
For something wild to take you somewhere  
And all I needed was to fly  
It's a long way from paradise to ordinary  
Picture us just smiling there, we didn't have a care  
I remember, how it all came true  
It was oh so tender, and I was lost with you  
By the sweet Sorrento moon  
But the stars don't burn that brightly  
Every season surely slips away  
But you baby, you're the reason why I chose to stay  
You wait a long time to find your dream and hold on to  
it  
And all I needed was to fly  
It's a long way from innocence to understanding  
A picture of a child at play, is how I feel today  
And I remember, how it all came true  
It was oh so tender, and I was lost with you  
By the sweet Sorrento moon... (la luna de Sorrento)
