Feeling mighty blue  
By myself  
One ol' lonesome shoe  
By myself  
Now that love's behind me  
You'll find me  
By myself

I just sit and stare  
At the floor  
Just don't seem to care  
Anymore  
Since my baby's gone  
Got a padlock on my door

That old black cat  
Keeps hangin' 'round  
But I ain't blaming him  
'Cause things are bad  
It ain't his fault  
I've gone and lost  
The only love  
I ever had

Love  
Love  
I miss him so  
It's no lie  
And I'm so "double o"  
I could die  
So I'll be  
Just me here  
By myself
