"Ever Changing Times"

Visit "[Ever Changing Times](#)" on MotoLyrics.com

It's an ever changing time
I see, that clock upon the wall
Well it don't bother me at all
It's an ever changing time

And me, ever changing time
Everything is going so much faster
It seems like I'm
Watching my life, and everything I do
Wonder if the dreams that I believed in
Still come true

Caught in between, it comes back to
You and me running out of time
I gotta find me a better understanding
Everything keeps forgetting what's mine
I gotta find me a way, less-demanding
And we're holding on so tight, together all of our lives

And I, I had some big idea
So much of my life, still not completed, hopes and
fears
Watching it change, into something new
Wondering if I'm gonna find the answer, loving you

All of my life, it comes back to
You and me running out of time
I gotta find me a better understanding
Everything keeps forgetting what's mine
I gotta find me a way, less-demanding
And we're holding on so tight, together all of our lives

I see, that clock upon the wall, well it don't bother me at
all
It's an ever changing time
I see, that clock upon the wall, well it don't bother me at
all
It's an ever changing time

All of my life, it comes back to
You and me running out of time
I gotta find me a better understanding

Everything keeps forgetting what's mine
I gotta find me a way, less-demanding
And we're holding on so tight, together
And we're gonna be alright, together all of our lives

I see, that clock upon the wall, well it don't bother me at
all
It's a ever changing time
I see, that clock upon the wall, well it don't bother me at
all
It's a ever changing time

I see, that clock upon the wall, well it don't bother me at
all
It's a ever changing time
I see, that clock upon the wall, well it don't bother me at
all
It's a ever changing time

I see, that clock upon the wall, well it don't bother me at
all
It's a ever changing time
I see, that clock upon the wall, well it don't bother me at
all
It's a ever changing time

I see, that clock upon the wall, well it don't bother me at
all
It's a ever changing time
