Alright gang let's start from number one  
Let's throw down till it's done

Let's get this thing to workin'  
There's no reason to wait  
The time is now to start  
We all could use the change

Hey, from right now till the dawn  
We gonna really carry on  
We won't stop  
Not until we get it right

Out to be on the one  
It's not over till is done  
It's gonna be so good  
When we get it right

Got to be willing to try  
Even if we get up early  
And we work over time  
Do it till you get it right

It's an incredible high  
There's no limit to what's in it  
It's your's and mine  
So let's do it till we get it, get it right

Till we get it, ho oh  
(Make it shout, toss it, turn you inside out)  
Do it till we get it  
(Stay with it and get it right)  
Do it till we get it, oh oh  
(Never stop, we could take it to the top)  
Do it till we get it  
(Take the time, get it right)

I know just how to do it  
To make it really nice  
There's no mystery to it  
Here's how you get it right

Well, you make it scream, you make it shout  
Toss it, turn it inside out  
Never quit, stay with it  
And get it right

Don't give up, never stop  
We can take it to the top  
If we just take the time  
To get it right

Oh oh, don't give up now  
We can make it, we can take it  
Right to the top  
Hey, and never stop

Honey, let's reach for the sky  
If we keep believin'  
We can never go to high  
Yeah, let's give it a try

Come on let's keep reaching up  
Believe if it lasts forever  
It's never too much  
No way to get enough

Do it till we get it right  
Even if it takes from mornin'  
Till way into night  
We've got do it till we get it, get it right

Till we get it, oh  
(Make it shout, toss it, turn it inside out)  
Do it till we get it  
(Stay with it and get it right)  
Do it till we get it, hey  
(Never stop, we could take it to the top)  
Do it till we get it  
(Take the time get it right)

Do it till we, get it right, do it  
(Get it)  
Do it till we get it, get it and get it right  
(Get it)  
(Get it right)  
Do it till we, get it, baby, yeah, yeah  
(Get it)  
Do it till we, get it and get it right
