We heard the good news
We've come this far by faith
Pick up your pace and don't you be late
I'm here to tell you about the good news
There's something about the path that we choose
Wisdom has built this house now
Integrity will bring your pride out
If you know how to pray the situation out
You'll get an answer, and there ain't no doubt
Monday, we held it together and
Wednesday, we had stormy weather and
Friday, we prayed it all better
And Sunday, we heard the good news
He won't stop blessing you
Look here, what He'll do
Is keep testing you
And a beggar's no less than you
'Cause one day it could be you
So get your folks together for some church
Some good music, prayer, and service won't hurt
Even if you don't like the preacher
There's bound to be a thing or two he can teach you
Monday, we held it together and
Wednesday, we had stormy weather and
Friday, we prayed it all better and
Sunday, we heard the good news
Deceit is in the heart of them who imagine evil
Righteousness is the fruit of the tree of all people
And if you want to live your life upright
Pray that the Lord will hold up the light
What you need is love on your side
The power of love won't be denied
I feel comfortable giving you this advice
Don't make the same mistake twice
Monday, we held it together and
Wednesday, we had stormy weather and
Friday, we prayed it all better
And Sunday, we heard the good news (Repeat)
These are the greatest days of our test of time

We need to be walking with a made-up mind
Walk by faith, not by sight
Then all your battles, you know He will fight
If the sky changes colors there's so many ways
This world's gonna be a better place some day
If love and unity, you just believe
Then all your blessings I know you'll receive
Glory to God in the Highest
Glory, Glory, Glory
Jesus, man who walked on water
Jesus, He's alright, He's alright
Monday, we held it together and
Wednesday, we had stormy weather and
Friday, we prayed it all better
And Sunday, we heard the good news (Repeat)
