Like a warrior that fights and wins the battle
I know the taste of victory
Though I went through some nights consumed by the shadows
I was crippled emotionally

Somehow I made it through the heartache, yes, I did, I escaped
I found my way out of the darkness, I kept my face
I knew you did - kept my face!

When the river was deep I didn't falter
When the mountain was high I still believed
When the valley was low it didn't stop me
I knew you were waiting, I knew you were waiting for me

With an endless desire I kept on searching
Sure in time our eyes would meet
And like the bridge is on fire, the hurt is over
One touch and you set me free

No, I don't regret a single moment, no, I don't
I know you don't - looking back
When I think of all those disappointments I just laugh
I know you did - I just laugh!

When the river was deep I didn't falter
When the mountain was high I still believed
When the valley was low it didn't stop me
I knew you were waiting, I knew you were waiting for me

So we were drawn together through destiny, oh boy
I know this love we share was meant to be
I knew you were waiting, knew you were waiting
I knew you were waiting - knew you were waiting for me!

I didn't falter - I didn't falter - I still believed
When the valley was low - it didn't stop me - and I just

can't stop me now
I knew you were waiting - no I - knew you were waiting
for me!

I didn't falter - when the mountain was high
I still believed - I didn't falter - I still believed - oh, I still
believed
