Yeah, yeah, oh
Bum bum bum…

Why don't I shake it
Don't get mad and get flaky
Cause this dance you don't know
Let Aretha show you how it go

Just spread your feet out
Move your hands, oh, oh
Bend over, big rover
We're gonna tear the joint up

And we're gonna jump
We're gonna shake a little fun
You're doing fine
Hey, baby, you're right on time

There's a bump and
I hope your mama don't call
(Jump) We gonna keep it
In the groove

Hey, baby, you're all for me
Cause your moving just sets me free
Love the way you party hard now
I don't want nothing to tear us apart

You do, I do fine, yeah
Oh, my partner 'bout to shake a leg
And one thing I need to know
If you love me, baby, tell me so

Hey (jump) jump
We're gonna shake a little fun
You're doing fine
Hey, know you're right on time

(Jump) jump up and
I hope my daddy don't call
(Jump) We gonna keep it
In the groove

(Jump) yeah
Do it, baby
Do it, baby
(Jump) wooh
