(Backup)

Prove it, Prove it, Prove it, Prove it to me

(Aretha)

Prove,

That it won't bother me,

To become your used to be.

Prove,

That I can just ignore,

All the love we shared before.

(Aretha) Prove it to my stallin' Heart!

(Backup) Prove it to my stalling Heart.

(Aretha) Prove it now before we part!

(Backup) Prove it now before we part.

(Together)

Prove it, Baby

Proove it, Baby!

(Aretha)

Prove,

The loneliness I'll find,

Will be only in my mind.

Prove,

That all these tears that fall,

Aren't really tears at all.

(Aretha) Prove that I don't want to die!

(Backup) Prove that I don't want to die

(Aretha) Now that you say, "It's goodbye"!

(Backup) Now that you say, "It's goodbye"

(Together)

Prove it, Baby

Proove it, Baby!

(Aretha)

Before you walk out that door

Prove, I won't love you no more

Prove that I'll forget your kiss

In your arms, I'll never miss
(Back up) Never Miss
(Aretha) Now let me see you
(Togehter) prove it
(Aretha) Just let me see you
(Together) Prove it

(Aretha)
Prove, that I don't want to die
Now, That you say, "It's Goodbye"

Together)
Prove it, Baby
Proove it, Baby!

(Aretha) Let me see you
(Togehter) prove it
(Aretha) Just let me see you
(Together) Prove it

(Aretha)
Prove, that I don't want to die.
Now, That you say, "It's Goodbye", Baby!

(Aretha) Prove it
(Together) Baby!
(Aretha) Let me see you
(Together) Proove it

(Back up)
Prove it, Prove it, Prove it, Prove it to me
