I sparkle, loving the way that I do
It is true I feel so good just having you
Breathlessly and eager, submission isn't easy for me
We were so loving wasn't we? I'd always known it could
be

Don't want to do nothing, tied against your will
This ain't no cheap thrill, you got to know just how it
feel
If you think your going to fall, all you have to do is call
I have nothing in myself and I give myself to you

Say child tingle sparkle, I hope the love never breaks
away
Fire burning everyday and save all the warmth for you
Just want you to know when the jealous issues
Understand there will be no other man but you baby
You can believe this love in me as I believe

And when times are low and I am really on your mind
Everybody needs some time, something funky good
and kind

And you always seem to please me and you wear me
down so easy
Good work is never done until the morning comes
Just want you to know when the jealous issues
Understand there will be no other man but you baby
You can believe this love in me as I believe in you

Don't want to do nothing, tied against your will
This ain't no cheap thrill, you got to know just how it
feel
And if you think your going to fall, all you have to do is
call
I have nothing in myself and I give myself to you

And when times are low and I am really on your mind
Everybody needs some time, something funky good
and kind

Breathlessly and eager, you got me round your finger

A sparkle with the fire, you always take me higher
You always seem to please me, you wear me down so
easy
Good work is never done until the morning, the
morning comes
