I'm gettin the spirit in the dark  
I'm gettin the spirit in the dark  
People movin, aw, ain't we groovin?  
Just gettin the spirit in the dark.

Tell me sister, how do you feel?  
Tell me my brother, brother, brother, how do you feel?  
Do you feel like dancin? Then get up and let's start  
dancin  
Start gettin the spirit, spirit in the dark

It's like Sally Walker sittin in a saucer  
That's how ya do it, it ain't nothin to it

Rise, Sally, rise, put your hand on your hips  
and cover your eyes, and move on with the spirit,  
move with the spirit, hey now move, move with the  
spirit  
in the dark

(The remainder of the song is basically refrains of the  
chorus.)
