In this world it's hard  
You know  
Lovers come and lovers go

People never seem to hold on to what they've got.  
Some they never stay together  
You and I will be no better

We can make it last forever  
We can keep this love alive.

Through the storm  
Through the tears

You and I  
I know we can survive.  
To the day  
Through the night

If we try we can keep it alive  
We can keep it alive.

I know sometimes it's been so tough

We've been so close to giving up

But our love's so strong and we keep holding on

Yeah  
To what we got.  
It's easier to walk away  
It takes a lot of love to stay

We've got all the love it takes  
We know there's a brighter day.

Through the storm  
Through the tears

You and I  
I know we can survive.  
To the day

Through the night

If we try we can keep it alive  
We can keep it alive.

We just gotta be strong  
We just gotta be strong

We just gotta be strong together

We just gotta hold on  
We just gotta hold on

We just gotta hold on and go through the storm.

Through the storm  
Through the tears

You and I  
I know we can survive.  
To the day  
Through the night

If we try we can keep it alive  
We can keep it alive.

Through the storm  
Through the tears

You and I  
I know we can survive.  
To the day  
Through the night

If we try we can keep it alive  
We can keep it alive
