These are ever changing times

I see that clock upon the wall, but it don't  
bother me at all

These are ever changing times

And me, ever changing time  
Everything is going so much faster, it seems like I'm  
Watching my life, and everything I do  
Wondering if the dreams that I believed in still come  
true

Caught in between, it comes back to  
You and me running out of time  
Gotta find me a better understanding  
Everyday keep forgetting what's mine  
Gotta find me a way, less-demanding  
And we're holding on so tight, together all of our lives

And I, I had some big idea  
So much of my life, still not completed, hopes and  
fears  
Watching it change into something new  
Wondering if I'm gonna find the answer, loving  
you

All of my life, it comes back to  
You and me running out of time  
I gotta find me a better understanding  
Everyday keep forgetting what's mine  
I gotta find me a way, less-demanding  
And we're holding on so tight, together all of our lives

I see that clock upon the wall, well, it don't  
bother me at all

These are ever changing times

I see that clock upon the wall, well, it don't  
bother me at all

These are ever changing times

All of my life, it comes back to  
You and me running out of time

I gotta find me a better understanding  
Everything keep forgetting what's mine  
I gotta find me a way, less-demanding  
And we're holding on so tight, together  
And we're gonna be alright, together all of our lives

I see that clock upon the wall, well, it don't  
bother me at all  
These are ever changing times  
I see that clock upon the wall, well, it don't  
bother me at all  
These are ever changing times

I see that clock upon the wall, well, it don't  
bother me at all  
These are ever changing times  
I see that clock upon the wall, well, it don't  
bother me at all  
These are ever changing times

I see that clock upon the wall, well, it don't  
bother me at all  
These are ever changing times  
I see that clock upon the wall, well, it don't  
bother me at all  
These are ever changing times

I see that clock upon the wall, well, it don't  
bother me at all  
These are ever changing times
