Merciful and merciless, Victim
Sound mind and insane are rearranged
To fit the mold, a truth untold

Resisting, persisting, unspoken and held within
Liar refractor

With my soul at rest I will no longer grieve
Of childhood memories and thoughts of the past
For a new path now stands before me
And I will carry this burden though
Knowing how to carry it is foreign to this child's mind.
So with no direction, I begin this long nights journey
And pray that I survive this life without any harm.

Merciful and merciless, Victim
Sound mind and insane are rearranged
To fit the mold, a truth untold

Violation is universal perversion is a common thing
Deception can be found in light and dark places
The heart is wicked desperately
The closest friend can be the darkest enemy
Unguarded hearts over powered
Remember the devil is a stalking lion
To you he may devour

Liar refractor

'It wasn't supposed to be real!
Real, unreal what's the difference?
There's a difference o.k.
There's a big difference!' -Brainscan

'It doesn't make any sense.
It doesn't have to make sense!' -Brainscan
