Nocturnal ancestor
now I'm here
Baka we'll return
I'm starting reborn
Baron Samedi, Houngan of the birth
I deny a bland tomb
here me biometry's sovereign
I'm walking on a sea of pain
now you've got this defunct
spectral alive outside that shroud
I'm stand on this land
I'm a serf and I admire you
I'm undead, don't hate you
I'd like to despise you
wrapping on...
obsequies of insanities
insitu of possible returns
hill of uncontrol repose
point of unlimited reappear
Raw suerb criminel
mundane maitre carrefour
Summoning dias trouforban
recidivist loadiab
