Dweller of denser gloomysphere  
I'm the hate and malevolence  
lost into congealing breath  
sustain the sap of noteless  
dryness my petty dream  
seemingly I'm into another limb  
hearslike instead of divine  
I saw my death watch (chorus)  
...ego gigno lumen tenebrae  
autem naturae mae sunt...  
That is why I'm not afraid  
but I'm alone, pray for me  
Spheram de tenebras  
provide dislike the ownlight  
glorify my impure gravity  
trespass proven placidity  
I heard the graveyard's blare  
debacle of fictive  
used to capture your tears  
I'm not sad at all  
inhabitant of down below  
Horridas nostrae mentis purga tenebras  
accende lumen sensibus  
physique quam aetherium  
obscurium per obscurius  
macabra naturam  
protestatem in corpus  
nobis potius terribilis deusmortis  
Habentibus symbolum facilis est transitus  
in spheram de tenebras
