(Hoehne/Hoehne)  
They sometimes meet in small caf  s  
Their views were forced to cross  
He was a boy and she 15  
In visions helpless lost.  
Never talked and changed a word  
Imagined walls prevent a start - It seems an  
Everlasting handicap  
Would even break their hearts.  
He better try to take the chance  
But he  s scared to get an answer  
It is easy to defend  
When will this situation end ?  
Into loneliness we  re falling  
All the people reached for calling  
Stunted courage drops them under  
And we  re waiting for a wonder  
In the night - In the night  
I notice superhuman might  
In your eyes - I face my life  
I wanna be right by your side.  
This weak man, black, and not quite right  
His life disturbs no other  
Was followed by the beating gang  
The jacket pistols cover  
Took a gun and shot him down  
Irresponsible behaving - Didn  t  
No one dare to make some noise  
He  ll thank us for his saving.  
We better try to take a chance  
But we  re scared to get reflections  
It is easy to pretend  
When will this situation end ?  
Into loneliness we  re falling  
All the people reached for calling  
Stunted courage drops them under  
And we  re waiting for a wonder  
In the night - In the night  
I notice superhuman might  
In your eyes - I face my life  
I wanna be right by your side.
