Gloomy monday night trying to find my way
I hear a voice, have a choice, I decide to stay
There's no one in sight, just an open door
Across the street, I feel the heat, leading me once
more

Refrein:

Oooh it's hotter than in hell down here
You keep whispering in my ear
Nooo this starts to ring the bells
Don't try to break me (2x)

I've been down that road before, seen how eager
minds are thorn
I won't fall for that no more lies are hidden in the core

In the smoky scene fire's buring bright
Pounding noise, I hear a voice, saying this is right
Your stare is like a beam, from across the cave

Your eyes are red, I feel the threath how could I be
safe?

Refrein

I've been down that road before, seen how eager my
eyes are thorn
I won't fall around no more lies are hidden in the core
I won't let you take controll
I turn away and save my soul
So, I'm not gonna takes this anymore, no
No, no no!

Yeah!

Don't try to break me! (2x)

I've been down that road before, seen how eager
mindss are thorn
I won't fall for that no more lies are hidden in the core
(ooh yeah)
Ooh yeah yeah yeah

Don't break me

Yeah yeah yeah yeah!
