Here and now, by myself I'm trying to find my way out
The things I've done, right and wrong,
Will haunt me 'till the end of times

I feel the eyes of the world they are gazing at me
Gotta keep going on
Blindfolded, still strong
And I will be free

I fly with the wind fire within
Towards the skies, where clouds hang high
No one can reach me, I fly

I fly with the wind fire within
Towards the skies where clouds hang high
No one can reach me, I fly, I fly

Days go by, I'm holding on
I'm writing the story of my life
I have to try to win myself
To get where my mind always flies

I feel the eyes of the world they are gazing at me
Gotta try even more, push harder and score...
And I will be free

I fly with the wind fire within
Towards the skies where clouds hang high
No one can reach me, I fly

I fly with the wind fire within
Towards the skies where clouds hang high
No one can reach me, I fly, I fly

I feel the eyes of the world they are gazing at me
Gotta keep going on
Blindfolded still strong
And I will be free

I fly with the wind fire within
Towards the skies where clouds hang high

No one can reach me, I fly

I fly with the wind fire within
Towards the skies where clouds hang high
No one can reach me I fly, I fly

I fly
