Hang at the mall w/ my girls and boiz
Goin in the stores, playin w/ the toiz
Slidin down the hall gluin quarters 2 the ground
Watch the people see em, try to get em, and bend
down
Run from the cops and for stealing pennies from the
fountain
Hide in the store behind the canfood mountain
Go in a pharmacy and try out all their stuff
If you don't like it well than thats just tuff

Thats what i like to do
Does that appeal to you?
If it doesnt dont change ur mind
It'll be ok
'cause i don't want to
Be with you if ur not being u
So be the first guy to rise above
And not give me
Artificial love
