I know that somewhere there  
Beyond the seas of your tears  
Theres a land of fairytale  
Thats made of your childhood dreams

Take me to your secret world  
Thats made of bright colors  
Throw all your grieves away  
Lets paint the sky with flowers

Perfect private world  
Someones bought and someones sold  
Welcome to the business age  
To your cozy golden cage  
Someones bought, some - sold  
Your Perfect private world

When everything is lost  
And it seems like this is the end  
I let my spirit fly  
To my childhood fairyland

I want to buy my secret world  
Thats made of bright colors  
Theres no pain and theres no war  
Lets buy off with dollars

Perfect private world  
Someones bought and someone sold  
Welcome to the business age  
To your cozy golden cage  
Someones bought, some - sold  
Your Perfect private world
