Lords of the darkness  
Have come to our world  
They want to correct our minds  
They came here to spread  
Their own faith by the sword  
If you cannot see it - you're blind

Skies brightened up by the fire  
War's knocking at every door  
Heaven behind barbed wire  
Thanks a lot, it's not for us

There's a riot in thy Heaven  
And the mankind craves for war  
There's a riot in thy Heaven  
We don't fear the lords no more  
There's a riot in thy Heaven  
That's the price that masters pay  
There's a riot in thy Heaven  
Slaves do not want to obey

Lords of the darkness control every soul  
They want to set up new world order  
They want us to fear and they want us to crawl  
But they forgot we are not crawlers

Skies brightened up by the fire

War's knocking at every door  
Heaven behind barbed wire  
Thanks a lot, it's not for us

There's a riot in thy Heaven  
And the mankind craves for war  
There's a riot in thy Heaven  
We don't fear the lords no more  
There's a riot in thy Heaven  
That's the price that masters pay  
There's a riot in thy Heaven  
Slaves do not want to obey

Skies brightened up by the fire

War's knocking at every door  
Heaven behind barbed wire  
Thanks a lot, it's not for us

There's a riot in thy Heaven  
And the mankind craves for war  
There's a riot in thy Heaven  
We don't fear the lords no more  
There's a riot in thy Heaven  
That's the price that masters pay  
There's a riot in thy Heaven  
Slaves do not want to obey
